(T)

With reference to para 2 of the G.O. quoted above, the Board of Revenue is requested to report at an early date, whether a set of tents should continue to be kept in Hospet for the use of the Sub Collector and if so to furnish the following details:-

(i) the number of times the Sub Collector, Hospet, used the tents in a year; and

(ii) whether the transport of the scale of tents prescribed for him by the G.O. quoted above, from Bellary

and back reviews requisitioned, would have cost more than the supply of a separate set of units for his use — the cost of supply comprising the capital cost of the units spread over their normal life and the recurring Annual maintenance charges incurred.

T e n t s - Government tents - (Bellary) - Hospet Division - Maintenance - Report - Submitted.

Reference. P. No. 682/39.5.

Station M a d r a s, *Dated the* 22nd September 19 39.

From

S. Venkateswaran, Esq., I.C.S.,
Secretary,
Board of Revenue.

To

W. Stewart, Esq., C.I.E., M.C., I.C.S.,
Commissioner of Land Revenue.

Madras.

Read the following.-

Letter from A.D. Crombie Esq., C.I.E., I.C.S., Collector of Bellary, Ref.No.2682/39.A.4 dated 1--9--1939.

Tents - Government - Tents - Bellary - Hospet Division - supply - particulars - furnished.

Ref.- Your Ref.P. 682/39.4 dated 15--7--1939.

A statement showing the particulars called for in G.O.Ms. 459 Revenue, dated 27--2--1937 is enclosed. Had only three

(T)

tents been maintained as recommended in this office Ref. 2682/38.A.4 dated 27--6--1939 the cost of their maintenance would have been Rs. 39/- and the cost of a single transport Rs.17/-. It is probable that the Sub Collector may use the tents at least twice a year, in which case the cost of supply of a separate set of three tents only will be approximately equal to the cost of their transport twice from Bellary to Hospet and back. For the reasons stated in this office Ref. 2682/38.A.4 dated 24--5--1939, I recommend that a separate set of tents on the scale recommended in this office Ref. 2682/38.A.4 dated 27-6-1939 may be supplied for the use of the Sub Collector.

Reference.-

The Board submits the report called for in para 2 of G.O.No. 459 Misc.Rev., dated 27-2-39.

2. The Collector of Bellary reports that the Sub Collector, Hospet used the tents once in 1938 and that it is probable that he may use them at least twice a year. He considers that it is necessary to continue to maintain a set of tents at Hospet, as a number of villages and most of the Forest Panchayats in Hospet Division are in the interior of the taluks and without proper halting place accommodation for inspecting officers.

3. The Sub Collector has got four tents, Viz., the three roomed tent, the Sowarpal tent, the servants' tent and the necessary tents, of which the first three are said to be unserviceable. The sowarpal tent is said not to require any replacement at all. The other two unserviceable tents may be replaced out of the surplus stock of tents in the Districts. In the result the Collector proposes to maintain a set of three tents and the cost of their maintenance

Rs. 39/- does not exceed much the cost of their transport Rs.34/

(Copies of the Collector's letter and the statement annexed to it explaining the financial aspect are also enclosed). The Board supports the Collector's proposal.

for Secretary. 23.9.39

To the Secretary to the Government,
Revenue Department
with copies of Collector's letter
Ref. 2682-39.A.4 dated 1--9--39 -,
and its annexure.

M.K.G/23.9.

1

Statement showing (1) the cost of supply of a separate set of tents (four) for the Sub Collector and (2) the cost of their transport from Bellary to Hospet and back, as called for in para 2(ii) of G.O.Ms. 459 Revenue dated 27-2-1939.

1.	Price of the second hand three roomed tent.	Rs.50
2.	" Servants' tent.	46
3.	" Necessary tent	45
4.	" Sowarpal tent	237
	Total	378

The tents being second hand, their normal life is 5 years. The cost of the tents per annum therefore was 378/5 Rs.75 or Rs.76

The maintenance charges incurred for the year 1937-38 and 1938-39 was Rs.30/-

Per year it comes to 30/2 or Rs. 15/-

The total cost of maintaining a separate set of tents at Hospet for the use of the Sub Collector, was

Rs. 76 + Rs.15/- = Rs. 91/-

The cost of transport of the tents once from Bellary to Hospet and back would have been Rs.11/- plus Rs.11/- i.e., Rs.22/-

The cost of maintanance of a separate set of tents (four) for the use of the Sub Collector would have cost more than their transport charges from Bellary to Hospet and back.

G.M. 20-10.

S.C. 20.10.39

Copy of letter Ref.C.No.2682/38-A4 dated 27th June 1939 from A.D. Crombie Esq., C.I.E., I.C.S., Collector of Bellary.

Tents - Government tents (Bellary)-Hospet Division - Supply.

Except the necessary tent of the Sub Collector, all the other tents require replacement within the next three yea In fact, they require replacement immediately. The Sowarpal is a mass of tatters and is absolutely useless as already reported and may be condemned, and need not be replaced. The Servants' tent is full of patches, while the three-round tent is no better. Its outerfly is bad and weak in many places and the bamboo poles are cracked. On the whole, I think the Revenue Divisional Officer, Hospet, should have a set of three tents - one for himself, one for servants and a necessary tent. The last is available and the other two require to be replaced.

Sub Collectors' Set (In Hospet).

1.	Three roomed tent	14' x 12'
2.	Sowarpal S.F.	10' x 8'
3.	Servants' tent	10' x 10'
4.	Necessary tent	1

****

(True copy).

Price of the second hand tents.

	Rs.	As.	Ps.
(1) Three roomed tent	50	0	0
(2) Servants' tent	46	0	0
(3) Necessary tent	45	0	0
	Rs. 141	0	0

Normal life of these tents is 5 years.

Cost of the tents per annum - $\frac{\text{Rs. } 141\ 0\ 0}{5}$

$= \text{Rs. } 28\ \frac{1}{5}$

Maintenance charges for 4 tents. Rs. 15 0 0

Maintenance charges for 3 tents. $= \frac{15 \times 3}{4}$

$= \text{Rs. } 11\ \frac{1}{4}$

Therefore the total cost of maintaining 3 tents. $= \text{Rs. } 39\ \frac{9}{20}$

i.e. Rs. 39/-.

PR 31-33 of (T).

2. In G.O. no. 459, Rev. & 27.2.1937, the Govt. approved as an experimental

measure for a period of two years the proposal that a separate set of tents should be maintained in Hospet for the use of the Sub-Collector, Hospet, and directed the Board to (P 33 (T))
furnish the following details at the end of that period:-
(i) the number of times the S.C., Hospet, used the tents in a year; and
(ii) whether the transport of the required number of tents from Bellary and back, when requisitioned by the S.C. would have cost more than the supply of a separate set of tents for him- the cost of supply comprising the capital cost of the tents spread over their normal life and the recurring annual maintenance charges incurred

3. The Board now reports to say that the (P 3-7 cf
Sub-Collector used the tents only once in 1938 and that (C 4 cf
it is probable that he may use them at least twice

a year. The Collector of Bellary considers that it is necessary to continue to maintain a set of tents at Hospet, as a number of villages and most of the forest panchayats in Hospet Division are in the interior of the taluks and without proper halting accommodation for inspecting officers.

U 4 f

4. The Collector proposes to maintain a set of three tents instead of the four as sanctioned in G.O. No. 459, Rev, of 27.2.1937, and states that the cost of their maintenance Rs 39/- does not exceed much the cost of their transport Rs. 34/-. The Board recommends the proposal, and it may perhaps be approved. If so, The draft below is for approval. Finance and Public (Spl) may see before issue.

Finance(C.S.R.)

In G.O. 459 Rev. dated 27-2-37, the Government sanctioned the keeping of a set of four tents at Hospet in Bellary District, for the use of the Sub-Collector temporarily for a period of two years as an experimental measure and asked the Board to submit a report at the end of the period on the necessity for the permanent retention of tents at Hospet. This report has been received and the Revenue Department consider that sanction may be accorded for the permanent

ASSISTANT SECRETARY TO GOVERNMENT 3 - NOV 1939 FINANCE DEPT.

45141

Pp3-5+11-13'E
(Vide draft notes)

permanent retention of tents at Hospet.

2. The Board was asked to give the following details:-

(i) the number of times the Sub-Collector used the tents each year and

(ii) whether the transport of tents from Bellary and back when required by the Sub-Collector would cost more than the supply of a separate set of tents for his use.

The retention of a separate set of tents at Hospet was sanctioned for the reason that there are very few travellers bungalows in the division. Reference is also invited to Revenue Under-Secretary's remarks on pages 18-21 of G.O. 459 Rev. dated 27-2-37. The procedure usually followed has been to withdraw tents from officers who had not used them for at least 30 days in a year. Revenue Under-Secretary considered that the reason for the Sub-Collector having used tents before 1937 on fewer occasions and for shorter periods was that the tents were kept at Bellary. It is, however, now observed that even with the retention of a set of tents at Hospet, the Sub-Collector used them only once in 1938. It is not stated whether they were used in 1937 and in 1939 so far. The Collector of Bellary, however, considers that the Sub-Collector may have to use the tents at least twice a year. The circumstances under which tents were not required frequently while touring in the

three taluks of Harpanahalli, Kudligi and Hadagalli which have only one or two travellers' bungalow each have not been explained.

1 page 19 (T)

As regards point (ii) above, the Board states that the average cost of supply (Rs 39) will not exceed much the cost of their transport from Bellary and back (Rs 34). It will be seen from the statement of ~~expenditure~~ Calculations on page 7 C.F. that the cost taken into account by the Board is that of second-hand tents. No doubt, the normal life of tents has been taken as five years. But it seems it would have represented the correct position if the cost of new tents had been taken into the calculations. Though the normal life of a new tent has been estimated at 10 years, its ~~life~~ price will not only be double that of a second-hand tent but much more. The average cost of supply will, therefore, exceed the cost of transport (Rs 34) even on the assumption that the Sub-Collector would require tents twice in a year.

Pages 4-5 of CF

c/f rule VIII on p4 + G.O. 1306 (R-3) dt 3-7-34 (V)

3. It is submitted that in view of the meagre use of tents in the Hospet division and the possibility of the cost of supply exceeding the cost of transport from Bellary and back, there seems to be no necessity for sanctioning the permanent retention of tents at the place. If, however, Revenue consider that the keeping of tents as a temporary measure may be continued for some more time, Finance need not object to it so long as no new tents are purchased.

9-11-39 9-11-39. The proposal may be accepted so long as old tents are available. The question whether new tents shd be purchased may be considered when the necessity arises with reference to the use made of tents. 11.11.39 Rao
